

PIMA COUNTY FAIR SUPER STUDENT PROGRAM

The Pima County Fair promotes education, responsibility, accountability and punctuality through positive reinforcement and the Pima County Fair Super Student Program. This program is available to all districts.

The Pima County Fair SUPER STUDENT Program invites educators and school counselors to make us aware of students, K-12 who have shown an effort to improve grades, behavior and classroom participation. The Pima County Fair also wants to know about students who have made Student of the Week, Student of the Month or who have perfect attendance, from the *beginning of and currently* through **second school semester**, 2009. Students who meet these requirements will receive a complimentary Student Admission to the Pima County Fair. Parents and siblings are not included in the promotion.

To qualify for the program, requests must come from participating schools. Teachers submit student names to the school counselor(s). Counselors then submit the total school number of qualifying students via written request, on school letterhead and signed by the School Principal to: **520-762-5005. Attn: Super Student Program.** One complimentary pass, per qualifying student, will be bulk mailed to the School Principal for distribution. Counselors and teachers are responsible to coordinate the distribution to qualifying students. **The Deadline for requests is: March 31, 2009.**

Requests for participation must be signed by the School Principal. Home School requests must include a copy of Home School Certificate. Requests from parents or students will not be accepted.

Call Launa Rabago at 520-762-9100 x14 or Launa@Pimacountyfair.com for more information.
